

Brand Guidelines

Brand Identity & Personality

App Name: PooPal

Tagline: Track Your Relief.

Core Vibe: Lighthearted, friendly, humorous, and approachable. It removes the taboo around habit tracking with a cheerful mascot and vibrant visual language.

Color Palette

Primary Brown (Mascot): #7F4E2D — Rich, warm brown for the main character structure.

Soft Blue (Accent & UI): #5C9CE6 — Friendly sky blue used for action buttons, toilet seat highlights, and active states.

Fresh Mint (Success & Checkmarks): #4BD475 — Bright, positive green for completed logs and confirmation badges.

Warm Cream (Background Container): #FFFDF6 — Soft off-white to keep cards clean without feeling sterile.

Deep Navy (Text & Contrast): #1E2B37 — Used for typography to maintain strong contrast without the harshness of pure black.

Typography

Header Font (App Titles & Buttons): Rounded Sans-Serif (e.g., *Fredoka*, *Quicksand*, or *Nunito Extra Bold*). Soft, thick, bubble-style edges matching the logo's title text.

Body Font (Stats & Logs): Standard Clean Sans-Serif (e.g., *Inter* or *System UI*). Medium weight for clean readability on charts and calendars.

UI Component Styling

Border Radius: Heavy rounding on all containers and buttons (16px to 24px or full pill shape 9999px).

Shadows: Soft, subtle elevation with clean drop shadows to give elements a floating, friendly card feel.

Mascot Integration: Use vector illustrations of the "PooPal" character for empty states, achievement badges (e.g., streak milestones), and successful log confirmations.
